A Message to ADORA Management

We want to take a moment to show you exactly where ADORA Private Security stands online — and how far you've come in a very short period of time.

ADORA launched in November 2025. You came to us in February 2026 with no established web presence and a competitive local market to break into. What follows is a snapshot of where things stand today, roughly 45 days into our engagement.

The short version: you're showing up — prominently — exactly where your future customers are searching.

"Brand new company. Brand new website. Page 1 Google rankings and AI Overview mentions in 45 days. Here's the proof."

WHY THIS MATTERS

When someone in Conroe searches for a security company today, Google doesn't just show a list of links anymore. It shows an AI-generated answer at the very top — called a Google AI Overview — that recommends specific businesses by name.

Getting named in those AI Overviews is not automatic. It requires Google's AI to understand who you are, what you offer, and why you're trustworthy. That's exactly what we've been building for ADORA from day one.

Below are the actual Google search results — screenshots taken in March 2026 — showing ADORA's current visibility across the searches your ideal customers are making right now.

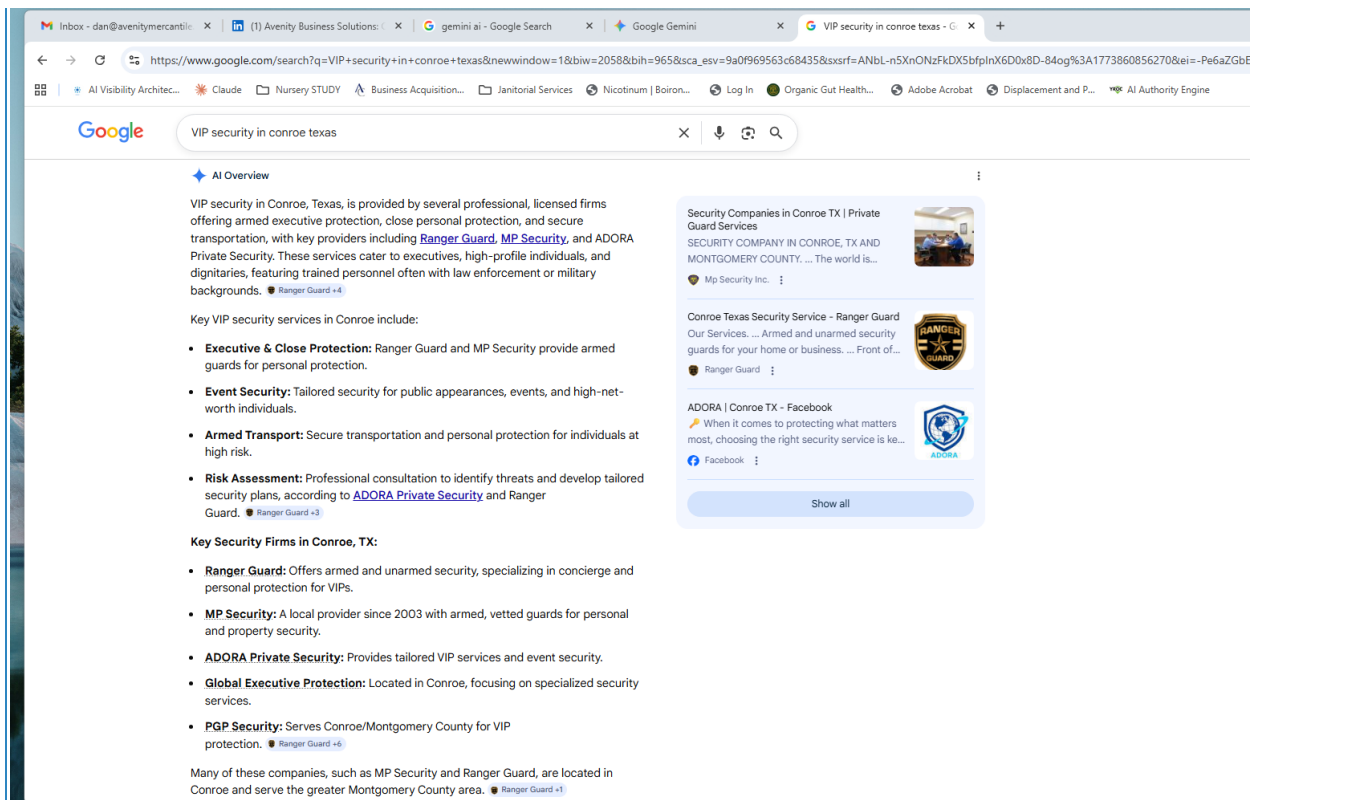

SEARCH RESULT #1 — VIP SECURITY

Query: "VIP security in Conroe Texas"

ADORA is named directly inside Google's AI Overview — the AI-generated answer block at the top of the page — alongside Ranger Guard and MP Security, both of which have been in business for over a decade. ADORA also appears in the knowledge panel on the right side of the page.

Search: **VIP security in Conroe Texas**

ADORA named in Google AI Overview + Right-rail Knowledge Panel

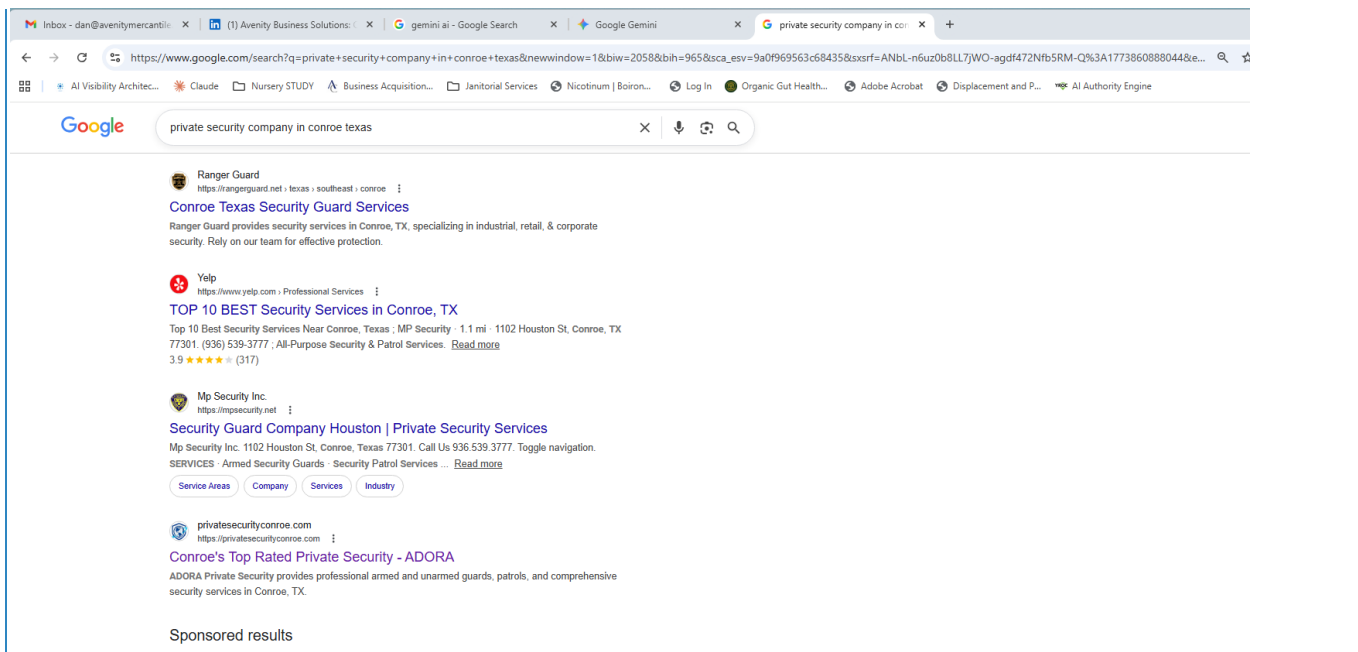

SEARCH RESULT #2 — PRIVATE SECURITY COMPANY

Query: "Private security company in Conroe Texas"

ADORA ranks #4 organically on page 1, with its own branded domain (privatesecurityconroe.com) and a strong title. This is a highly competitive query — the results above ADORA include Ranger Guard, a Yelp aggregator, and MP Security.

Search: **Private security company in Conroe Texas**
 ADORA — #4 Organic, Page 1

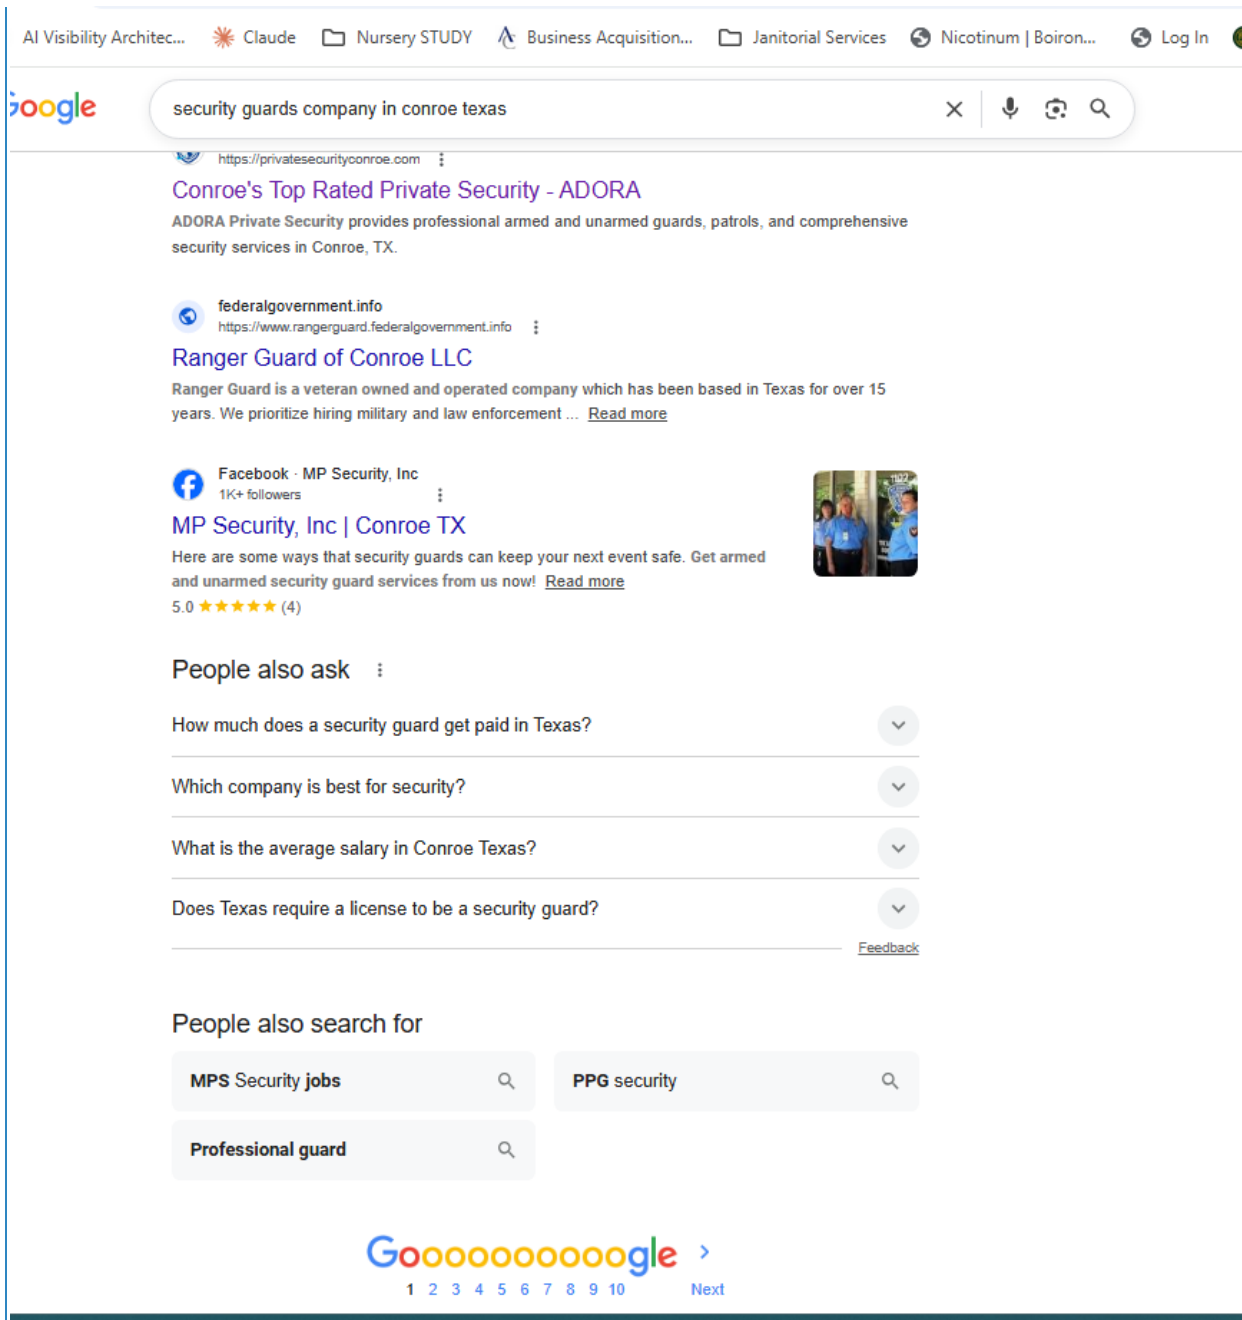

SEARCH RESULT #3 — SECURITY GUARDS COMPANY

Query: "Security guards company in Conroe Texas"

ADORA appears at the top of organic results for this query, ahead of national brands and established regional competitors.

Search: **Security guards company in Conroe Texas**
ADORA — Top of Page 1

SEARCH RESULT #4 — SECURITY GUARDS (THE #1 RANKING)

Query: "Security guards in Conroe Texas"

This is the flagship result. ADORA holds the #1 organic position for one of the most-searched security queries in the local market — above Twin City Security, Yelp, International Guard Services, and Ranger Guard.

🔍 Search: **Security guards in Conroe Texas**
 ✅ **ADORA — #1 Organic Result**

Search: **Construction security guards in Conroe Texas**
 ADORA named in Google AI Overview for Construction Security

Construction security guards in Conroe, Texas, provide 24/7 armed and unarmed protection to prevent theft of high-value tools, materials, and copper wiring, as well as vandalism and unauthorized access to sites. Top firms include [Ranger Guard](#), [ADORA'S Private Security](#), [MP Security](#), and [Twin City Security](#).

Top Construction Security Providers in Conroe, TX

- Ranger Guard of Conroe (412 W Phillips St):** Offers professional armed and unarmed guards with experience in construction site security, conducting tailored risk assessments for sites.
- ADORA'S Private Security (936.207):** Focuses on construction site protection with specialized services to prevent theft of expensive materials and equipment, offering flexible, trained patrols.
- MP Security Inc (1102 Houston St):** A locally based company providing licensed armed and unarmed security guards, offering over 20 years of experience with 24/7 patrol services.
- Twin City Security - Houston/Conroe:** Provides specialized on-site, overnight, and mobile patrols for construction sites, including gate monitoring, visitor access control, and CCTV monitoring.
- Guards On Call:** Delivers 24/7 armed and unarmed patrolling services with GPS-tracked vehicles for construction sites in the Conroe area.

Typical Construction Security Services

- On-site security officers** for day and night shifts.
- Access control** for workers, subcontractors, and deliveries.
- Perimeter patrols** by foot or vehicle to prevent trespassing.
- Overnight and weekend watch** during high-risk, unstaffed hours.
- Safety compliance** checks, including PPE and visitor safety rules.
- Material and equipment theft prevention.**

Many of these firms, including Ranger Guard and [ADORA](#), are available for immediate, short-term, or long-term contracts to ensure project safety.

HOW WE GOT HERE — THE AI VISIBILITY AUTHORITY ENGINE

These results didn't happen by accident. They're the product of a deliberate, structured approach we call the AI Visibility Authority Engine — built on three overlapping pillars:

CLARITY

We defined ADORA's positioning clearly — who you serve, where you serve them, and what makes you the right choice. This is the foundation Google's AI needs to recommend you.

AUTHORITY

We built signals that tell Google you're a credible, trusted business — the kind of company that gets named in AI Overviews alongside long-established competitors.

STRUCTURE

We structured your website content — service pages, location pages, data accuracy — so search engines and AI tools could fully understand and surface ADORA.

WHAT'S NEXT

The foundation is set and performing. Here's what we're focused on in the coming weeks:

- ▶ **Expanding AI Overview coverage** — Continue optimizing content so ADORA gets named for additional high-intent queries beyond the current six.

- ▶ **Ranking consolidation** — Protect and strengthen the #1 position and push the #4 ranking higher.
- ▶ **Reputation signals** — Begin building review volume and authority signals to compound the visibility gains already in place.
- ▶ **Content expansion** — Add service-specific and location-specific content to capture adjacent searches (event security, mobile patrol, etc.).

These results are just the beginning. The work we've done in the first 45 days has set a foundation that compounds over time — not one that fades.

We're proud of what we've built together in a short time and excited about where ADORA is headed. As always, we're here to answer any questions or walk you through anything in this report.

Thank you for trusting Avenity Business Solutions with your growth.
